

My personal SWOT analysis

S

- Gaming

When I was in the first grade I got my first gaming console. I played on it a lot. I've been gaming for 8 years now. I love playing a game with my friends so much. I've gotten really good at it too.

- Sports

I like sports very much. I like football very much. I play in a club with some friends. I've been playing football for 4 years now so I'm pretty good at football.

- English

I'm pretty good at English. Usually, when I play games it's always in English. I also find English very easy to learn. That's why I love the language.

O

Football Training

- if I take more football training sessions and practice more, I can become even better than I am already. That's how I become a good football player.

- Improving in English

If I watch more English movies or read English books than I watch or read in Dutch, I can improve my English. As a result, I will be able to speak better English and speak more fluently.

W

- Mathematics

I'm so bad at maths. The symbols and the rules in mathematics are very difficult. Mathematics is something I don't like very much.

- Procrastinating

I usually put off all my work until the last minute. I only postpone my small tasks. I don't put off my big tasks that often.

- Singing

I don't like to sing at all. I've never been able to and will never try. When I sing it sounds completely out of tune.

T

- Addicted to gaming

I'm a bit addicted to gaming. For me this is a threat because I am less busy for school. I try my best to game not that much. That is why gaming can be a big threat sometimes.

- Procrastinating

Procrastinating can be a really big threat for me. I do my tasks always too late. Sometimes it can cause problems. That's why it is a big threat.
